

JUSTIN DIBIASE

Associate

Justin DiBiase joins Kidder Mathews as a sales associate specializing in tenant representation. Concurrent with this role, Justin has a decade of history as an active multiunit franchise owner for several brands in states outside Arizona. Justin's experience in the franchise world gives him an edge in understanding his client's needs.

Justin acquired leadership, attention to detail, and problem solving skills during his 4 years as a United States Marine. After returning to the civilian world, he began a 12 year long career in construction management. In that field, adjusting to the client's parameters is a constant constraint, where every project is unusual and being successful requires exceeding expectations with regard to timeline and budget.

Bringing a unique perspective to the tenants he serves, Justin provides extensive knowledge in site selection, tenant improvement and lease negotiations. His ability to understand retail businesses from the inside out helps position both landlord and tenant into secure transactions.

In his spare time, Justin enjoys recreational pursuits with his family, competitive powerlifting, and supporting Wounded Warrior Project and Operation Gratitude.
